

## WMRSD Facilities Committee

August 29, 2016

**Present:** Marion Anastasia, Sheila Goulet, Rick Vashaw, Jim Brady, Peter Riviere

### **HS Atheletic Field Permitting**

Data submission to DES completed with meeting scheduled for later in early Sept. Expect mitigation could be waived and set aside acreage avoided in best case scenario.

### **High School Parking**

Have Principal establish sign language and erect signs, Need change in parking culture for use of upper lot. Other recommendations: to have white line at edge of fire lane to denote no parking.; establish towing policy and impose to set tone.

### **Booster Club Snack Shack parking**

Continues despite recommendations that paved area is for walkers only and not to be used by vehicles.

Suggested that gate of some sort be erected that allows access for emergency vehicles,, etc., if needed

### **Mowing of trails at high school**

Will be undertaken once school is open,,as per regular schedule and plan. Side mower employed.

### **Water Pump area at HS**

State has advised that there are other issues : pumps can't be raised, tank may not survive new pump system.

Rick informed that town has upped the water pressure in municipal system and could consider that option at cost of estimated half million dollars.

Jim indicated "we need plan. Don't want state imposing costly solution".

Rick said we hve confined space and old ewuipment and need to address both.

RFP responded to by Horizons Engineering is budgeted at \$5,000 then include as capital item for next year's operating budget.

Marion said we need to begin Capital Plan criteria and construct for inclusion in budget sessions.

Next meeting Sept. 21<sup>st</sup> @9 a.m.
